CERTIFIED TEACHER OF FOREIGN LANGUAGES

Teachers of foreign languages have always been in demand, not only because the United States has become a 'Nation of Nations', but also because of explosive growth of the multinational corporation, burgeoning world trade and our needs to understand & communicate with the people from around the world.

The teacher is the key figure in the language course. It is the teacher who sets the tone for the learning activities. We believe that it is the attitude of foreign language teacher that the students appreciate & benefit much more, than the fluency or even being a native-speaker. The curriculum provides you with a wide range of academic programs to learn proven methodologies about teaching foreign languages & cultures.

We require that our students exhibit excellent interpersonal communication, organizational & negotiation skills, and be able to develop high levels of technical competence across areas of education, be knowledgeable about world-cultures, religions, economy and languages, besides having an excellent knowledge of the language they wish to teach.

This program can be done online, on-campus or hybrid (a combination thereof). New classes begin in January, April, July and October. Classes are held once or twice a week, during the day, evening or weekends for your convenience
