NATUROPATHIC MEDICINE

Welcome to the exciting science of Naturopathic (Holistic) Medicine.

According to the National Institute of Health, Americans are spending more than 30 billion dollars each year on Naturopathic Medicine & Self-Care. It is growing significantly and has become very popular because so much medical knowledge is available on the internet, and people are becoming much more health conscious.

The traditional healthcare in America has become prohibitively expensive, complex and often confusing. Besides the cost of health insurance, and expensive drugs, more than 100,000 people die each year due to medical errors and millions are suffering from the side-effects of the drugs they take.

While the traditional, modern Allopathic Healthcare System (MD or DO) is just one type of medicine, Naturopathic Medicine is a compendium of hundreds of different modalities, health systems, herbs, fruits, vegetables and household ingredients, evolved over thousands of years in different parts of the world. Some of these may not have scientific background & research, but most have been tested and used by millions of people over hundreds of years with proven benefits, without any side-effects, possibility of addiction, or becoming chronic diseases. They are also much more economical and can be used by anyone for Self-Care.

The benefits of learning Naturopathic Medicine are enormous. Whether you are a health-conscious individual concerned about your own health or health of your loved ones, or a health professional passionate about learning holistic healthcare system for the benefit of your patients, the knowledge of Naturopathic Medicine is professionally, personally and financially fulfilling.

The practitioners of Naturopathic Medicine (NDs) treat the whole person, recognizing the patient's physical, mental and spiritual health, cultural & genetic predisposition and environmental influences. The curative remedies are based on the underlying cause and not necessarily symptoms. The Naturopaths not only treat the patient, but also offer nutritional, psychological, social and environmental guidelines to prevent disease or to avoid acute illnesses from progressing into chronic conditions.

American Academy of International Education, a leader in Naturopathic Medicine education offers a comprehensive program in Naturopathic Medicine. We provide basic, reliable, practical and easy-to-understand information on dozens of different holistic natural medical systems, modalities, herbs, spices, foods and household substances, while also teaching the most up-to-date scientific knowledge about the human body, diseases and healthcare systems, diagnostics and treatment options.

Good Health, we believe, is not just the absence of pain & suffering, but mental, physical, emotional, spiritual, stress-free peaceful life. Natural Medicine promotes simple life, good nutrition, happiness, satisfaction and better relationships not only with our loved ones, but also with our environment.

While we do offer a 2-Year Certificate and a 4 years Diploma as a career in Natural Medicine, we welcome those who want to study just one, two or more of our exciting courses for their knowledge or self-care.

Most of our courses, including Continuing Medical Education programs, are available on-line. Labs and Clinical Training however must be completed at the school and/or at designated facility. New classes start in January, April, July and October. Competency-Based accelerated programs, exemptions for prior-studies, scholarships, student loans and easy monthly payment facilities are available.

2 YEAR CERTIFICATE PROGRAM

Trimesters 1-8

Trimester - 1		
MED-101	Introduction to Health Care	45
NMD-121	Introduction to Naturopathic Medicine	45
HOM-101	Introduction to Homeopathic Medicine	45
MED-105	Human Anatomy & Physiology-1	45
Trimester - 2		
MED-205	Human Anatomy & Physiology-2	45
HOM-102	Homeopathy – Materia Medica (A-F)	45
MED-103	Human Growth & Development	45
HOM-104	Homeopathic Medical Repertory	45
Trimester - 3		
MED-109	Health Conditions & Diseases	45
HOM-103	Homeopathy – Materia Medica (G-Z)	45
HOM-105	Art of Homeopathic Case Taking	45

NMD-120	Introduction to Yoga & Meditation	45
NTN-101	Understanding Nutrition	45
MED-111	Intro to Embryology, Histology & Genetics	45
Trimester - 7		
NTN-210	Nutritional Assessment	45
SOC-101	Introduction to Sociology	45
MED-121	Geriatrics	45
MED-125	Clinical & Diagnostics Procedures	45
Trimester - 8		
MED-120	Pediatrics	45
TMT-101	Introduction to Massage Therapy	45
SPA-101	Spanish As a Second Language	45
MED-131	Medical Office Management	45

4 YEAR DIPLOMA PROGRAM

Trimesters 1-16

Trimester - 9		
MED-230	Introduction to Clinical Medicine	45
BIO-250	Microbiology of Health & Disease	45
MED-119	OB/GYN Procedures	45
NMD-152	Concepts of Mind-Body & Soul	45
Trimester - 10		
PHA-101	Introduction to Pharmacology	45
PSY-105	Psychology of Aging	45
MED-202	Mental Health	45
MED-115	Introduction to Community Health	45
Trimester - 11		
MED-240	Diseases & Treatment of Integumentary Sy.	45
MED-242	Diseases & Treatment of Skeletal System	45
MED-245	Diseases & Treatment of Muscular System	45
MED-247	Diseases & Treatment of Nervous System	45
Trimester - 12		
PMED-249	Diseases & Treatment of Endocrine System	45
MED-250	Diseases & Treatment of Cardiovascular Sy.	45
MED-252	Diseases & Treatment of Lymphatic System	45
MED-255	Diseases & Treatment of Respiratory System	45
Trimester - 13		
MED-257	Diseases & Treatment of Digestive System	45
MED-260	Diseases & Treatment of Urinary System	45
MED-265	Diseases & Treatment- Reproductive System	45
MED-210	Preventive Medicine	45
Trimester - 14		
MED-107	Health & Nutrition	45
MED-222	Introduction to Tropical Medicine	45
PSY-201	Abnormal Psychology	45
MED-218	Pathophysiology	45
Trimester - 15		
PHY-101	Introduction to Medical Physiology	45
MED-112	Pain Management	45
PTA-207	Rehabilitation & Physical Medicine	45
RTP-101	Introduction to Recreational Therapy	45
Trimester - 16
