CURRICULUM & INFORMATION

NATUROPATHIC MEDICINE

According to the National Institute of Health, Americans are spending more than \$30 billion each year on Naturopathic Medicine. Naturopathy is growing significantly and has become more popular as conventional healthcare is becoming prohibitively costly. Naturopathy is also growing along with the general population's trending interest in alternative health approaches, as well as concerns about negative side-effects of many drugs and procedures.

The Macomb County Chiropractic Association (MCCA) has been conferring with the American Academy of International Education (AAIE) for the past two years regarding the development of a special Naturopathic Medicine program with advanced standing for licensed Chiropractors in consideration of their previous education.

Accordingly, AAIE has now developed an accelerated competency-based 1-Year ND program at a special reduced total tuition of \$4,800.00 for licensed Chiropractors.

1. Chiropractors receive credit or exemptions for prior studies at Chiropractic College and/or other graduate or undergraduate programs, subject to review and approval of AAIE.
2. AAIE may offer additional credits, from its normal 2-Year ND Program curriculum via a comprehensive exam, and/or a research study.
3. It is estimated that most Chiropractors will receive up to 50 per cent or more credits for prior studies, subject to AAIE's review of each student's official academic transcripts.
4. Some of the remaining programs may be completed online on a guided self-study basis, while others will be completed at the AAIE Campus in Clinton Township, Michigan.
5. The non-traditional case-study methodology of AAIE is enhanced by weekly classroom sessions.
6. The total program tuition has been reduced to \$4,800.00, including the admission fee, evaluation fee and semester registration.
7. The tuition may be paid in 12 monthly payments of \$400.00, without any interest or service fee.
8. Cost of books is not included in the tuition (estimated book expense is \$300.00 - \$600.00).

- The classes are held each Thursday from 5:30pm until 7:30pm.
- Admissions are on-going year-round. Please contact AAIE website for more information, or send an email to info@americaneducationacademy. You may also call or text: 248-822-6000
- Chiropractors who are NOT a member of the Macomb County Chiropractic Association may also be qualified to participate in this special program.
- Chiropractors who wish to do the entire 4-Year ND program of 4,030 hours, may do so in approximately two years at a reduced tuition, paying just half of the regular full tuition which is \$19,000.00.
