

MEDICAL ASSISTANT

ONLINE, ON-CAMPUS - HYBRID 1 YEAR CERTIFICATE PROGRAM

American Academy of International Education offers a challenging & comprehensive 1-Year, 720 clock-hour program to become 'Medical Assistant'. We use non-traditional, case-study basis, thought-provoking teaching methodologies, based on research, statistics & current issues in the ever-changing healthcare system.

The healthcare professions are growing more than any other profession. A knowledgeable, well-trained and qualified Medical Assistant will find great opportunities to help myriad of healthcare professional at hospitals, clinics, non-profit organizations, educational institutions, community centers, senior centers and others.

We require that our students exhibit excellent interpersonal communication, soft-skills such as empathy, organizational & negotiating skills, leadership, decision-making and the ability to develop high levels of medical and technological competencies across a wide variety of disciplines. A genuine desire to help the client become physically and mentally healthier is fundamental and required to be a successful Medical Assistant.

Competency-based accelerated program, based on exemptions, credits for previous studies, experience, research or examination may allow you to complete the program in less than a year. Many of the courses can be completed with guided self-study & YouTube labs. Some classes, workshops and labs may also be held at AAIE campus, including practical training. Internship & practical training may be provided at the school's clinic open to public, and possibly at hospitals, clinics & healthcare providers' offices, senior centers, community centers, etc.
