

Frequently Asked Questions:

Q. What are the pre-requisites for admission at AAIE?

A. At least a high school graduation, but preferably higher education. We require our students exhibit excellent interpersonal communication, organizational and global cultural knowledge, plus a passion and genuine desire to help the diverse students in our classrooms.

Q. How long are the courses to become a Teacher?

A. It may take as little as 3-months for ESL Teacher Training to 1-Year and 2-Years of comprehensive training, depending upon your prior education, training, experience, interests & passion..

Q. Is American Academy an approved institution, and are these Certificates & Diplomas recognized?

A. Yes – the American Academy of International Education has been an approved institution since 2011 by the State of Michigan, and yes these Certificates & Diplomas are fully recognized all over the world.

Q. Would I be a Licensed Teacher after taking the course?

A. Although you can work as a Teacher, these courses do not require any licensing, and does not qualify you to become a Licensed Teacher. However, it may help you get into a Teachers' College.

Q. Do you allow credits for prior training in teaching or experience in a foreign country, for Early Graduation, Exemptions and Advance Standing?

A: Yes, subject to documentation, evaluation and satisfactory proof of equivalent studies elsewhere.

Q. Do I have to be in Michigan to take this course?

A: No. This course is also available online and can be taken anywhere in the world.

Q. Is Financing available?

A: Yes. There are many state agencies that can provide grants/loans to help alleviate teacher shortage everywhere. The school also provides easy payment system, without interest to help.

Q. Do you help graduates find employment?

A: Yes. We work with non-profit organizations, school boards, and charter schools to help our graduates, offering practical training as a volunteer or a paid-job after graduation. Our graduates can also become self-employed, working as private tutors.

YOUR PATHWAY TO TEACHING JOURNEY STARTS HERE

Online, On-Campus & Hybrid

**ESL Teacher Training
Teaching Assistant (TA)
Teacher of Foreign Languages**

ESL TEACHER TRAINING PROGRAM

ESL (English As a Second Language) Teachers, often referred to as TESOL or TEFL, are very much in demand at local academic institutions, community organizations, churches, immigration help centers and other organizations which help the new immigrants & refugees. ESL teachers are also being hired by Literacy Councils and Organizations dedicated to improve literacy among American adults and youth who are unable to read & write English.

Since English has become the primary universal language, there is a huge demand for ESL Teachers in USA as well as overseas, especially in Latin America, the Middle East and Asia (China, Japan, Korea, Vietnam, etc.). While jobs are plentiful, most foreign schools now require Certification with a minimum of 100 hours of ESL Teacher Training. This 12-week Certification Program is especially designed for students with a minimum of a Bachelor's Degree, while the 1-Year Diploma program is designed for those with an Associate Degree or equivalent, plus experience in ESL teaching.

We require that our students exhibit excellent interpersonal communication, organizational & negotiation skills, and be able to develop high levels of technical competence across areas of education, be knowledgeable about world cultures, religions, economy and languages. This program is available online or on-campus. We meet at least once each week for one-on-one discussion, seminars & workshops. New classes start in January, April, July and October.

TEACHING ASSISTANT

The Teaching Assistant (TA) program trains individuals to provide instructional services to students under the direct supervision of a certified teacher. TAs also work as substitute teachers as well as supervise various activities of school children. Some TAs also have their own private tutoring service, if they have training, experience or expertise in certain subject(s).

If you enjoy working with children, have a foreign heritage, speak a foreign language or have had training in foreign languages or cultures, this may be a great opportunity for you to become a Teaching Assistant, or a substitute teacher.

We require that our students exhibit excellent interpersonal communication skills, and develop high levels of technical competence across areas of education. The students should be able to get along well with children, work effectively with teachers, accept responsibility and be patient.

American Academy of International Education is duly approved by the State of Michigan for post-secondary education. The programs are based on 4-trimester per year with new classes starting in January, April, July and October. This program is also available on-line. Classes are held during the day, evening or weekends for your convenience.

We offer a unique 'Modular' curriculum, allowing our students and/or graduates to study or transfer to any other profession within our institution, without losing time and money. Students will be helped find a paid, or a volunteer position or internship in teaching, after graduation or during their studies.

CERTIFIED TEACHER OF FOREIGN LANGUAGES

Teachers of foreign languages have always been in demand, not only because the United States has become a 'Nation of Nations', but also because of explosive growth of the multinational corporation, burgeoning world trade and our needs to understand & communicate with the people from around the world.

The teacher is the key figure in the language course. It is the teacher who sets the tone for the learning activities. We believe that it is the attitude of foreign language teacher that the students appreciate & benefit much more, than the fluency or even being a native-speaker. The curriculum provides you with a wide range of academic programs to learn proven methodologies about teaching foreign languages & cultures.

We require that our students exhibit excellent interpersonal communication, organizational & negotiation skills, and be able to develop high levels of technical competence across areas of education, be knowledgeable about world-cultures, religions, economy and languages, besides having an excellent knowledge of the language they wish to teach.

This program can be done online, on-campus or hybrid (a combination thereof). New classes begin in January, April, July and October. Classes are held once or twice a week, during the day, evening or weekends for your convenience.
